

Rugged Keyboard for iPad 11-inch (A16, 10th Gen)

Deployment Guide

Weight: 1.25 lbs

Dimensions: 10.75 x 8.45 x 1 in

Compatibility: iPad 11-inch
(A16, 10th Gen)

Take Care of the Cable

- Don't pull or twist the cable.
- Always unplug by holding the plug, not the cord.
- Only unplug when you need to (like for tablet mode).

Using Tablet Mode

Before switching to tablet mode:

- Unplug the keyboard cable first.
- Make sure the cable isn't bent or pinched.
- Don't force the screen to bend further than it should.

Trackpad On / Off

- To turn the trackpad off, press the trackpad button above the "6" key.

Backpack & Storage Tips

- Close the keyboard before putting it in your backpack or cart.
- Don't stack heavy books or items on top.
- Keep it dry and out of extreme heat or cold.
- Never close the case with anything between the iPad and keyboard—this can break the screen or keyboard.
