

Jamf Compatibility - Rugged Keyboard (USB-C)

1.0 Jamf Settings

When USB Restricted Mode is allowed in Jamf:

The iPad's **Settings** → **Face ID & Passcode** → **Allow Access When Locked** → **Accessories** can be **toggled ON or OFF** by the end user directly in the iPad settings.

When USB Restricted Mode is restricted in Jamf:

The iPad's **Settings** → **Face ID & Passcode** → **Allow Access When Locked** → **Accessories** is **automatically enabled (ON)** and **cannot be changed by the end user** on the device.

2.0 Best Practice

Work with your **Jamf Enterprise Administrator (EA)** to ensure device configurations are properly aligned with your environment and accessory requirements.
